

Robert Horton

Business Development Manager

Rob first joined AEC as an athlete in 2003. Since then he has competed for AEC both nationally and internationally.

Over the 20+ years that Rob has been a part of AEC, he has worked with and coached a number of teams across the AEC programme.

In September 2016, Rob became a full-time member of staff at AEC, taking on the role of business development manager and tumble coach.

He works closely with athletes by motivating them to achieve excellence outside of the gym, as well as in it, including using his training as a teacher to support their academic achievement.

Rob leads the AEC Soar clinics and he also runs RH Cheer Clinics visiting teams and gyms around the country and internationally to assist them in their tumble progressions.
